

# DET Verifier Training

## ONLINE TRAINING

*Free For Code Officials!*

### CLASS SUMMARY:

- Learn how to perform duct testing to verify 2009/2012 IECC compliance.
- Learn how to perform blower door testing to verify 2009/2012 IECC compliance.
- Receive a FREE report template to use when documenting system compliance.
- Includes 3-month access to our DET Verifier online training videos and support forum.
- Receive a DET Verifier certificate after you pass the online test.

### **Why FREE?**

Throughout the nation, our trainees are suggesting that their local officials aren't always up to speed on the new duct and envelope testing requirements, as mandated by the 2009 and 2012 IECC. We'd like everyone to be on the same page so collaboration becomes easier! Thus, the training is **completely free** for code officials. This offer won't last forever, though. So, let your local officials know ASAP!

**Submit your information to us in our online form found here:** <http://bit.ly/XnRyqH>

We'll process the list once per week and send you login credentials via email. For more information, visit our website: <http://homeenergypartners.com>
